Worth The Wait

Terrian

I'm good (I'm good)
You taught me patience
I'm cool (I'm cool)
Cause you're the foundation
Remember the time that I wanted to rush it
Skip all the lessons and just get the blessin'
Oh, You taught me patience

I finally left behind
Those childish ways of mine
Lord, I'm leanin' on your timin'

In a life that's worth the livin'
Sometimes you gotta wait
All the dreams that you've been dreamin'
He won't let them go to waste
Every river that you're crossin'
Takes a little step of faith
He will meet you in the water
Oh, His timin' is His grace for You

It's worth the wait (It's worth it)
It's worth the wait (It's worth it)
It's worth the wait (It's worth it)
(Yeah)

It's better
Better than I imagined
Better than what I was askin'
You are my dream, You're my passion, oh

Finally left behind
Those childish ways of mine
I love the story that You're writin'

In a life that's worth the livin'
Sometimes you gotta wait
All the dreams that you've been dreamin'
He won't let them go to waste
Every river that you're crossin'
Takes a little step of faith
He will meet you in the water
Oh, His timin' is His grace for You

It's worth the wait
It's worth the wait
It's worth the wait
It's worth it
It's worth the wait
It's worth the wait
It's worth the wait

Wait, is this the end of the song?
This is the ending
No, man, this is my first full-length album!
We gotta give the people somethin' special for the end!
Come on, man!

What do you wanna do?
Take it up! Ayy...
Ooh, yeah, yeah...
I mean, that's dope, but I think we can take 'em up a little bit higher
Okay, let's do it!
Ayy!

(Ayy-oh) In a life that's worth the livin'
Sometimes you gotta wait (Sometimes you gotta wait)
All the dreams that you've been dreamin'
He won't let them go to waste (Won't let them go to waste)
Every river that you're crossin'
Takes a little step of faith (A little step of faith)
He will meet you in the water
Oh, His timin' is His grace for You (His grace for You, yeah)

(Ohh)
(Hey)
(Sometimes it's worth the wait)
(Worth the wait)
(Sometimes you gotta wait)
