

## After All

Terror Jr

Put the children underground  
There's a darkness in this town  
Bolt the doors don't make a sound  
We gotta fight this feeling  
We don't look so different  
When the blood stains our skin  
When we're screaming in a crowd  
We gotta fight this feeling now  
There's fire balls  
Raining down like a waterfall  
Ain't no happy endings  
After all  
After  
All my angels died  
Never learned to fly  
It's not what I thought  
Lay me down cold in the parking lot

Put the children underground  
There's a darkness in this town  
Bolt the doors don't make a sound  
We gotta fight this feeling  
We don't look so different  
When the blood stains our skin  
When we're screaming in a crowd  
We gotta fight this feeling now  
There's fire balls  
Raining down like a waterfall  
Ain't no happy endings  
After all  
After  
All my angels died  
Never learned to fly  
It's not what I thought  
Lay me down cold in the parking lot

Put the children underground  
There's a darkness in this town  
Bolt the doors don't make a sound  
We gotta fight this feeling  
We don't look so different  
When the blood stains our skin  
When we're screaming in a crowd  
We gotta fight this feeling now  
Fire balls  
Raining down like a waterfall  
There's no happy ending  
After all  
Saw a body at the shopping mall  
There's fire balls  
Raining down like a waterfall  
Ain't no happy endings  
After all  
After

It was always in the cards  
It follows us wherever we are

Hotter than the morning sun  
Tell my friends I didn't run  
It was always in the cards  
It follows us wherever we are  
Hotter than the morning sun  
Tell my friends I didn't run
