

Appreciation

Terror Jr

I know that I've been hard to please
But I recognize
And when I'm thinking rationally
I love that you're all mine

And I know that you've been working hard
Tryna keep that, keep that money large
When I hear you coming through the door
Gonna show you, show you this is yours

Lemme show you my appreciation, 'preciation
Lemme show you my appreciation, 'preciation
I know you never really hear me say it, hear me say it, oh
Lemme show you my appreciation, 'preciation, oh

(Lemme show you my appreciation)

I know that I've been hard to read
But I tell no lies
I can't just think nationally
The whole world should be mine

And I know that you've been working hard
Tryna keep that, keep that money large
When I hear you coming through the door
Gonna show you, show you this is yours

Lemme show you my appreciation, 'preciation
Lemme show you my appreciation, 'preciation
I know you never really hear me say it, hear me say it, oh
Lemme show you my appreciation, 'preciation, oh

(Lemme show you my appreciation)

And you know that I be on vacation
Had to throw away my medication
When I see your constellation stars
Gonna show you show you this is ours

(Lemme show you my appreciation)
