

# Dirty Laundry

Terror Jr

I hate to be the one to say this  
I wanna see what's inside your gray sweats  
Bite my lip and leave a lil blood  
I need someone to fuck and never hug

Everyone's dying outside let's watch a movie  
The rich are getting richer and we keep losing  
Is this real life? It's really confusing  
And I don't even know whose Netflix I'm using

Don't call me  
I'll be busy I'm sorry  
Makes me sick that you want me yeah  
I'm sick of dirty dirty laundry  
I'll be busy I'm sorry  
Makes me sick that you want me yeah  
I'm sick of dirty dirty

I'm not a doctor but I'm losing patience  
I'm not a horse but I need that sedation  
All my friends say take a vacation  
But broken dreams need extra chasing

I should sleep in  
I've been reckless  
You got a heart that's bigger than Texas  
Stay away from me and protect it  
I got dirty laundry

Don't call me  
I'll be busy I'm sorry  
Makes me sick that you want me yeah  
I'm sick of dirty dirty laundry  
I'll be busy I'm sorry  
Makes me sick that you want me yeah  
I'm sick of dirty dirty

Don't call me  
I'll be busy I'm sorry  
Makes me sick that you want me yeah  
I'm sick of dirty dirty laundry  
I'll be busy I'm sorry  
Makes me sick that you want me yeah  
I'm sick of dirty dirty

I'm sick of dirty dirty

I'm sick of dirty dirty

Laundry  
I'll be busy I'm sorry  
Makes me sick that you want me yeah  
I'm sick of sick of sick of
