Fun

Terror Jr

I been sitting by the phone just thinking 'bout you
Got the slide and I'm slippin' on you
I'm a star but I'm wishin' on you
Tried to call God but I couldn't get through
Some people give up, other people go dumb
Chillin' in the graveyard ain't that fun
Ooh, acrobatic with the tongue
Ooh, she just wanna have fun

In touch but I'm numb
Got me running from the sun
Gotta question everyone
Some people want trust
Other people want funds
Praying for the world
While I'm playing with the world
I'm a killer for the truth
Tried to call God but I couldn't get through

I been sitting by the phone just thinking 'bout you
Got this slide and I'm slippin' on you
I'm a star but I'm wishin' on you
Tried to call God but I couldn't get through
Some people give up, other people go dumb
Chillin' in the graveyard ain't that fun
Ooh, acrobatic with the tongue
Ooh, she just wanna have fun

Pray for my sons, heaven didn't come
Stripping all my innocence
Gasoline with the cinnamon
Gasoline with the cinnamon
This the best life that you'll ever live
Exorcism on the reverend
This the best life that you'll ever live

I been sitting by the phone just thinking 'bout you
Got the slide and I'm slippin' on you
I'm a star but I'm wishin' on you
Tried to call God but I couldn't get through
Some people give up, other people go dumb
Chillin' in the graveyard ain't that fun
Ooh, acrobatic with the tongue
Ooh, she just wanna have fun
Ooh, she just wanna have fun
Ooh, she just wanna have fun
