

Mona Lisa

Terror Jr

You call me Mona Lisa
I'll never be that Lisa
You're looking for a classic
I'm something new and tragic
You'll never be DaVinci
Fuck Bill, I'm more Lewinski
Fuck safety, only risky
Not dreaming if you'll miss me

Don't hang me in museums
I don't make my music for 'em
Predictions, must ignore 'em
They'll never be explorers
I came to build the future
No hiding in computers
We coming from the sewers
They call 'em Terror Jr

Oh, Mona Lisa
If I could only meet ya
So many things to show ya
This frozen bitch got colder
Oh, Mona Lisa
Oh, I won't ever leave ya

Don't fit your weak description
Kill doctors with prescriptions
Paid for by corporations
So we never leave vacation

Don't hang me in museums
I don't make my music for 'em
Predictions, must ignore 'em
They'll never be explorers
I came to build the future
No hiding in computers
We coming from the sewers
They call 'em Terror Jr

Oh, Mona Lisa, if I could only meet ya
So many things to show ya
This frozen bitch got colder
Oh, Mona Lisa
Oh, I won't ever leave ya
Oh, I won't ever leave ya
Oh, I won't ever leave ya

Oh, Mona Lisa, I
Promise to never leave ya
I see your face and features
You are the perfect creature
