

# Never Enough

Terror Jr

Save me, save me, save me from myself I'm going crazy  
Hit it too hard now the room is getting hazy  
I can't get enough like they never say "she hate me"  
I'm just like Cujo after he got rabies

When I give up there's nobody who can save me  
I need someone to make me cum first, I'm a lady  
Get me so wet, I sign up for the navy  
Going halfway was the point, that's lazy

Ooh, you know what to do  
You know what to do  
Ooh, you know what to do

Boom boom, better give me what I want  
Bang bang, watch me blow it all up  
Drip drip, I'm just fillin' up my cup  
I take it a-a-a-all, it's never enough  
Never enough (no) never enough  
Never enough (no) never enough (It's never enough)  
Never enough, never enough  
Never enough

I get body chills from staring at the sun  
I played the game, I didn't run  
From emptiness, the smell of metal  
In my piss, I played the game  
And the abyss was hollow like  
I'm hollow tips, bleeding out  
Broken flesh, no feelings left  
I played the game, I checked my mate  
Bet on my soul, no soul to trade  
I played the game, got lucky quick  
Lucky lucky

Boom boom, better give me what I want  
Bang bang, watch me blow it all up  
Drip drip, I'm just fillin' up my cup  
I take it a-a-a-all, it's never enough  
Never enough, never enough  
Never enough, never enough (It's never enough)  
Never enough, never enough  
Never enough  
Ah, ah, ah, ah

Boom boom, better give me what I want  
Bang bang, watch me blow it all up  
Drip drip, I'm just fillin' up my cup  
I take it all, it's never enough  
Never enough (no) never enough  
Never enough (no) never enough (It's never enough)  
Never enough, never enough  
Never enough  
It's never en-
