

## Personal

Terror Jr

Usually I'm such a bitch  
But when I'm with you, I just feel the opposite  
Never had much innocence  
Something 'bout you makes me wanna grow my wings

Test me now  
'Cause I know that deep inside, you're curious  
Sweep me down, let me show you what I do, I do for love

I wanna get personal, personal  
I want that personal with you  
I wanna get personal, personal  
I want that personal with you  
I wanna get  
(I wanna get)

Usually I'm high as fuck  
But when I'm with you, I don't even know what drug  
Save me from a world of fakes  
Let them have the ocean, we'll create a lake

Test me now  
'Cause I know that deep inside, you're curious (yeah)  
Sweep me down, let me show you what I do, I'd do for us

I wanna get personal, personal  
I want that personal with you  
I wanna get personal, personal  
I want that personal with you  
I wanna get, I wanna get, I wanna get, I wanna get  
I wanna get personal, personal  
I want that personal with you  
I wanna get personal, personal  
I want that personal with you  
I wanna get personal, personal  
I want that personal with you  
I wanna get personal, personal  
I want that personal with you  
I wanna get  
I wanna get
