

# Shapeshifter Chameleon

Terror Jr

She's warm but her blood runs cold  
She's young but her pain is old  
Her last man still calls her a ho  
But late at night he keeps calling her phone

And some things will never change  
She knew she couldn't stay the same so  
Sometimes the world is trash  
Sometimes you gotta start from scratch

She's a shapeshifter chameleon  
Not the girl to put ya feelings on  
Where'd she get that attitude  
Not the girl that her daddy knew

She's a shapeshifter chameleon  
All the boys wanna see her tongue  
She couldn't follow simple rules  
One day she stopped taking cues

I just wanna hold her  
But she always runs

I thought we were having fun  
Now she's moving on

She keeps changing clothes  
It's time to let go  
Cause she's changing on her own  
Yeah  
She's changing

She loved her sister  
But she couldn't relate  
Called her a slut she wouldn't take the bait  
She doesn't cry like they want her to  
She's happy living through her every mistake

Family dinners gotta show up late  
Better than getting burned at the stake  
She always knew she was on the move  
The patriarchy had to lose

She's a shapeshifter chameleon  
Not the girl to put ya feelings on  
Where'd she get that attitude  
Not the girl that her daddy knew

She's a shapeshifter chameleon  
All the boys wanna see her tongue  
She couldn't follow simple rules  
One day she stopped taking cues

I just wanna hold her  
But she always runs

I thought we were having fun

Now she's moving on

She keeps changing clothes  
It's time to let go  
Cause she's changing on her own  
Yeah  
She's changing

She's a shapeshifter chameleon  
Not the girl to put ya feelings on  
Where'd she get that attitude  
Not the girl that her daddy knew

She's a shapeshifter chameleon  
All the boys wanna see her tongue  
She couldn't follow simple rules  
One day she stopped taking cues
