

Sugar

Terror Jr

I'm messed up for you
Say anything and I'll do
We're not like the other ones
Sucking up to anyone
Goddamn, you're a star
I could probably go for many miles
Never fucking with the good girls
Who's a very bad child?

We're turning off our phones
I don't think we're going home
I miss that

Sugar in my eyes
I think I'm gonna take the flight
And come see you
And we can kick it 'til the sunlight
Sugar in my eyes
You make me wanna take that risk
Oh, I wanna hold your hands
And we can kick it 'til the sunlight
Sugar in my eyes
You make me wanna take that risk
Oh, I wanna hold your hands
And we can kick it 'til the sunlight, sunlight

We used to drinkin' out the bottle
Playing in the snow like it's Colorado
I ain't a model, you ain't no GQ
I guess we hit the fuckin' lotto
Ridin' like a El Dorado
Lean back, take it with a swallow
Fuck them cool kids, we will never follow
We will never follow

We're turning off our phones
I don't think we're going home
I miss that

Sugar in my eyes
I think I'm gonna take the flight
And come see you
And we can kick it 'til the sunlight
Sugar in my eyes
You make me wanna take that risk
I wanna hold your hands
And we can kick it 'til the sunlight
Sugar in my eyes
You make me wanna take that risk
I wanna hold your hands
And we can kick it 'til the sunlight, sunlight

Sunlight, sunlight, sun-sun-sunlight, sunlight
Sunlight, sunlight
And we can kick it 'til the sunlight, sunlight
Sunlight, sunlight, sun-sun-sunlight, sunlight
Sunlight, sunlight

And we can kick it 'til the sunlight, sunlight
