

Vampires

Terror Jr

Vampires
We both hate the sunshine
Look into my red eyes
I'm not begging for mercy
You can bite, it won't hurt me

Meet me
Underneath the moonlight
I'll be dressed in all white
I'm not begging for mercy
You can bite, it won't hurt me

Standing on the edge
Not afraid to fall, ooh
Love you when I'm dead
Forever after all, ooh

I'll be yours
I'll be yours
I'll be yours, I'll be yours
Forever
I'll be yours
I'll be yours
I'll be yours, I'll be yours
Forever
