

# Would It Make You Feel Better?

Terror Jr

Would it make you feel better better better?  
Would it make you feel better better better better?

It's been so long  
I've been meaning to write you back  
But I get whiplash  
When I'm thinking about the past  
It felt the realest  
A minute before the crash  
Wasting away together  
Like we were expensive trash

I can see that you didn't move on  
And I want to just keep playing along  
But would it make you feel better?  
Would it make you feel better, better, better  
Would it make you feel better  
If I said I was wrong?  
If I gave you my body when the love is gone?  
Would it make you feel better better better?  
Would it make you feel better?

Now that we're here  
Gotta look into the mirror  
It's the last year  
That I operate in fear  
Felt the realest  
A minute before the crash  
Wasting away together  
Like we were expensive trash

I can see that you didn't move on  
And I want to just keep playing along  
But would it make you feel better?  
Would it make you feel better, better, better  
Would it make you feel better  
If I said I was wrong?  
If I gave you my body when the love is gone?  
Would it make you feel better better better?  
Would it make you feel better better better?

Would it make you feel better  
If I said I was fine?  
All the secrets we're keeping  
Wouldn't eat us alive?  
Would it make you feel better better better?  
Would it make you feel better better better?

Would it make you feel better better better?  
Would it make you feel better better better?  
Would it make you feel better better better?  
Would it make you feel better better better better better...
