

Run It Back

Terror Reid

It be that that smooth talking double R, raisin the bar
Poppin soon, moon walking out a stolen car
Dem boyz mock em but them females jockin'
In they fishnet stockings cause I do it so bizarre
Off the leash, dripping from da heat
Tha guillotine freak take ya head for keeps
And when I'm onna mic it gets hard to speak
My rap style elite, so getcho dumb ass back to sleep
Masochistic Catch a clip quick when dis shit hit
Ya betcha ass ima throw a fit
Is going down like a dike wen I show up
Might wanna take a hike befor ya broke ass throw up
Ah shit, I think I struck a cord
Tha ovalord, swinging a megazord sword
Tha undisputed zooted
Super mega mutant, too stupid
Booty shooting, fumin
Dark wizard of gore
Talkin a whole lotta shit an I ain't like dat
Bout my bread nuff said I gotta knack
Now dey buzzing all da sudden I kill em by tha dozen
Gettem widda bat bitch run it back
And you'll never be shit, remember dat
With one shot I'll push ya brain out da back
Dey wanna ride with me betta be ready to die with me
To hell and back neva cap
Bitch run it back
Okay so
Dis is tha part where Ima tear em apart
Limb from limb, silly slim
Do you think it's really him
At tha door with some more of that gross shit
Ghost in a cloak boutta make ya hoe famous
My face front page
Terrors a murderera
Now out my face lil mark I never herda ya
What I boutta do really ain't concerning you
And even if it did ima take it two tha tomb
Then I'll break into you room in the night
With a big ass knife and rip a big ass hole in yo pig ass wife
Outta sight cause fuck yo life
Tuck myself in baby and I'll sleep all night
Matta fact I might sleep in
You see me creepin
Beat em like a demon motha fuck what they thinking
First class, any class know I taught it
Everything you want in life reid already got it

Bout my bread nuff said I gotta knack
Now dey buzzing all da sudden I kill em by tha dozen
Gettem widda bat bitch run it back
And you'll never be shit, remember dat
With one shot I'll push ya brain out da back
Dey wanna ride with me betta be ready to die with me
To hell and back neva cap
