Windmillz

Terror Reid

(Welcome to my hotel room
A hotel room freestyle
You already know let's go
Its goes like this, it goes exactly like this)

Life goes on like a wind mill
Only plot I got is to grip steel
Make a mill
Stayin real
Always I'll from 1993 til
Souls of mischief did it better still
Whatever
On ya skin like leather flap ya like a feather don't depend on the weather
You know I'm better
Than most these clowns ya be see
In on the tv
Cause I don't need cream I got enough for me see
I'm like a dairy farm I make cheese when I please
This untapped potential have u stuck on ya knees
Spewin goop like a slut when they sneeze
Jack ya wallet w eaze bruised lids from from a lack of sleep
Put a chrome to ya dome and eject the meat
I'll take my seat now big g on the beats kaplow
Don't move dude I got some more food for ya mouth
Turn this old church to a fuckin slaughterhouse
But hold the phone pick up all the pieces of ya head blown
I love drugs but I'll never condone
Knock out a cop in the comfort of my own home
Fuck pigs til I'm 6 feet overgrown
Head to hell screamin fuck 12 til I'm out the ozone
Then dust em off like a camera lens
Whip a benz y'all should really see how far my shorty bend
Sand how my shotty ends life put 2 thru you and save the rest for ya wife
Bitch goodnight I love my wife but fuck life
Could get a murder charge just to see what the fuck it feels like
Leave me alone could give a fuck who u with bitch I said leave me alone
Feed ya momma a bone give her a treat if she make me a scone
Live ya life get the fuck off ya phone
Appreciate the moment and you'll never be alone
I can't surf but I'm gnar like spicolli
Flat ya like some dough and cut ya up like pepperoni
Personal pan pizza in the oven bitch I'm hungry
I eat these fools faster than a muthafuckin humvee
My honey got a rump that make humpty dump land on his feet
Capeesh? damn reid be off the leash
I been kicked around eaten up chewed and spit out
My mind was torn into pieces so I ripped that shit out
10 years down the drain guess I wasn't cut out
Fast forward 2020 who you listen to now?
Mothasfuckas gettin sick off the clout
They'd rather suck each other off instead of figure it out
Reid's here to patch it up like a squeaky leaky water spout

(Like a squeaky leaky water spout
Ima clean this shit up
Ima kill this shit
Just for fun I don't even have to

Someones gotta do it
That's why I'm here
Hot vodka volume 1)
