

## Balance the Odds

Terror

We've all been kicked around  
And we made the same mistakes  
Living fast inside our sins  
But the pressure, it's gotta break

The freedom of my life - I'll take it back  
Don't want no part of this - no more  
I never crossed the line  
Cause I didn't know I had it inside

Fighting for a cause  
The freedom of my life  
I never had a reason  
To challenge life head on - and question it  
To stand my fucking ground - and face the hate  
Balance out the odds - kick down the doors

And this time  
The freedom of my life  
I'll take it back
