

Can't Help but Hate

Terror

Satisfied with nothing
Weaponize your judgement
Talking shit on everyone
I'd give it all to see your suffering

Can't help but hate - When I look your fucking way
Can't help but hate - When I hear the stupid shit you say
Can't help but hate - I just can't tolerate
Can't help but hate
Can't help but hate you

Criticize, complain, condemn
No one wants you near them
Here's your judgement, here's your truth
Everybody hates you

Can't help but hate - When I look your fucking way
Can't help but hate - You're always in my fucking space
Can't help but hate - No I just can't tolerate
Can't help but hate
Can't help but hate you

Can't help but hate the shit that you say
When I look your way can't help but hate...
You
