

One More Enemy

Terror

One more enemy
Don't mean shit to me
So called friend soon to be
One more enemy
You're nothing more to me
Another enemy

Can't look me in the eye
Because you know you'll break this time
I've seen your kind before
Just know that this means war
Disgrace across your face
Truth puts you in your place
This time I can't ignore
Motherfucker you'll get yours

I tried to be cool
But times run out
Things could have been different
Now you're the enemy

One more enemy
Don't mean shit to me
So called friend soon to be
One more enemy
You're nothing more to me
Another enemy

Can't look me in the eye
Because you know you'll break this time
I've seen your kind before
Just know that this means war
Disgrace across your face
Truth puts you in your place
This time I can't ignore
Motherfucker you'll get yours

Step back, step off
You're times run out
Things gonna be different now
You're the enemy

One more enemy
Never a friend to me
A waste of energy
No more apologizes
Always meant to be
My fucking enemy

I will do anything
In my power to destroy you
No longer can I ignore you
Thats all you'll ever be
Enemy
