

A Dying Breed

Terrorizer

Injustice is alive and well
in the civilized world
humans playing god with
innocent lives
sentenced to death no trial
no lawyer no chance

hated and despised
you made me what i am
i'll take a bullet for you
I'dont care to die

sensational media
created my image
evil dogs of death
they call my breed

egocentric humans
greedy beings
breeding us for money
not caring for our fate
fighting us for profit
tortured if we lose

force us to destroy
against our true nature
we pay with our lives
to prove our loyalty

sensational media
created my image
evil dogs of death
they call my breed
