

Invasion

Terrorizer

Mass destruction
Blood on the streets
Choke on remains
Of force fed dreams

Preemptive strike
Orphans of pain
Sons of martyrs
Rise again

Amidst ruin
Boiling storm
Coming of age
Next leader born

Bombs are dropping
Shock and awe
Endless war
Rages on

Beneath the surface
Seeds of hate
Breeding despair
Eradicate

Last chance burns
War consumes
Broken nation
Source of doom

Born of war
Before our eyes
Violent remedy
Victimized

World corruption
Indifference
Reap the fields of consequence
