

Wasteland

Terrorizer

Extinction descends
Infection of soil
No hope to defend
Consumed in pain this planet drained of life

No cure
For a dying world
Apathetic
And unwittingly
Pulled towards death
Progression of decay

Consumed in pain this planet drained of life

Wasteland

Savagery of humanity
Dreams choking dead
Opposed by reality
World drained of life

World drained of life

Consumed in pain this planet drained of . . . life.
