

## Wretched

Terrorizer

Misery loves company  
The tragedy of life  
Sad sick and lonely  
Hurting deep inside  
Only finding pleasure  
Seeing others bleed  
A social sickness  
Deep in humanity

Time to let go  
Time to let go  
Time to let go  
Time to let go

The spider made the web  
And patiently awaits  
The voluntary victims  
Who trap themselves  
Are bound for suffering  
Agony and pain  
Slow and treacherous  
Decay of the brain

Time to let go  
Time to let go  
Time to let go  
Time to let go
