

Lucifer

Terrorvision

Lucifer... You think I'm terrified
I'm down at heel and up the other side

I went to the fortune teller
She could read my palm
She said are you sitting comfortably
Are you feeling calm
She gave me the bad news
And a lucky charm
She saw the devil on my shoulder
Above the angel on my arm

I'm gonna light a fire cos I'm feeling lonely
Tired of all the chasing and the sycophancy

Lucifer... You think I'm terrified
I'm down at heel and up the other side

Well, I bought the lucky heather
And a crystal ball
I saw my opportunity
Witnessed my downfall
I asked the spirits bless me
Forgive all my sins
I was so damned sincere
I didn't mean a damn thing

I'm gonna light a fire cos I'm feeling lonely
Tired of all the chasing and the sycophancy

Lucifer... You think I'm terrified
I'm down at heel and up the other side

The cauldrons are a boiling
Feel my skin is crawling
Catch me when I'm falling
The hounds of hell are calling

You never gave a damn
You never showed no mercy
I sold my soul to rock and roll, not you

Lucifer... You think I'm terrified
I'm down at heel and up the other side
