

Spoiling Everything

Terrorvision

It' s always the same, there's always one,
Spoiling everything for everyone,
You've let down the class and everyone else,
But most of all you let down yourself,

It was four in the morning and the weather was thick,
We were waiting for the sun to rise sometime around six,
With the sun would come the rescue, hope rescue comes quick,
Everybody's got a place to go,
So go find the north star, choose east over west,
We'll be traveling in the morning, suppose the night the best,
We found the body of a puma where the panther lay to rest,
The vultures were circling low,

It' s always the same, there's always one,
Spoiling everything for everyone,
You've let down the class and everyone else,
But most of all you let down yourself,
I was wrong, yes I was wrong and you were right,
Then I was right , yes I was right and you were wrong,
Then I was wrong, yes I was wrong to think you right when you w
ere wrong,
And on and on,

Two days later as the sun beats down,
Burning our skin, we've gone from pink to red to brown,
If I could choose a way to go then I'd surely freeze or drowned
,
The voices won't ever let go,
It' s always the same, there's always one,
Spoiling everything for everyone,
You've let down the class and everyone else,
But most of all you let down yourself,

It' s always the same, there's always one,
Spoiling everything for everyone,
You've let down the class and everyone else,
But most of all you let down yourself,
I was wrong, yes I was wrong and you were right,
Then I was right , yes I was right and you were wrong,
Then I was wrong, yes I was wrong to think you right when you w
ere wrong,
And on and on.
