

Fantasy

Tesla Boy

Secret places
You falling in nameless
Taking chances
You feeling in shameless

You can only watch
But don't touch
You can only watch
But don't touch
You can only watch
But don't touch
You can only watch
And take time

Fantasies you hide
I know it can do you no wrong tonight
Fantasies you hide

Fantasies you hide
I know it can do you no wrong tonight
Fantasies you hide

Naked dawning
Is breaking in crawling
Silent moaning
Dew-drops on stocking

You can only watch
But don't touch

You can only watch
But don't touch
You can only watch
But don't touch
You can only watch
And take time

Fantasies you hide
I know it can do you no wrong tonight
Fantasies you hide

Fantasies you hide
I know it can do you no wrong tonight
Fantasies you hide

You can only watch
But don't touch
You can only watch
But don't touch
You can only watch
But don't touch
You can only watch
And take time

Fantasies you hide
I know it can do you no wrong tonight
Fantasies you hide
