

Moses

Tesla Boy

Do you believe in signs
Have you prepared yourself
Turn off the lights
I'll guide you through the secret lands

Do you believe in signs
Have you prepared yourself
Turn off the lights
I'll guide you through the secret lands

I'm feeling like mooses
I'm feeling like mooses
I'm feeling like mooses
I'm feeling like mooses

If you want to complain and revel in your pain
I can leave, I can leave, I can leave you here
If you feel lean and void, and deeply paranoid
I can take, I can take, I can take your fears

Do you believe in signs

Have you prepared yourself
Turn off the lights
I'll guide you through the secret land

Do you believe in signs
Have you prepared yourself
Turn off the lights
I'll guide you through the secret land

I'm feeling like mooses
I'm feeling like mooses
I'm feeling like mooses
I'm feeling like mooses

(I'm feeling like)
(I'm feeling like)
(I'm feeling like)

I'm feeling like mooses
I'm feeling like mooses
I'm feeling like mooses
I'm feeling like mooses
I'm feeling like mooses
I'm feeling like mooses
I'm feeling like mooses
