

U

Tesla Boy

Woo, woo

Woo, woo

Now I know I'm strong

Now I know I'm strong

Even with the headache

And a few has gone

And a few has gone

Now I have a heartbreak

I'm only thanking for the faith

You still believe in me, you still believe in me

I'm only saving untill the end

The moment when [?] open my eyes

Woo-o-o-o-o-o, woo-o-o-o-o-o, woo-o-o-o-o-o

Woo-o-o-o-o-o, woo-o-o-o-o-o, woo-o-o-o-o-o

Woo, woo

Woo, woo

Standing by the room

Standing by the room

Losing all illusions

Make their own conclusions

I'm only thanking for the faith

You still believe in me, you still believe in me

I'm only saving untill the end

The moment when [?] open my eyes

Woo-o-o-o-o-o, woo-o-o-o-o-o, woo-o-o-o-o-o

Woo, woo

Woo, woo
