

Just in Case

Tesla

Outside the sky is blue
Always try to do my part
But now it's raining in my heart
There's just so much I could do
It's nearly got ahold of me
It's why I feel so incomplete
A lost and broken man
Only I would understand
I'd be more than glad to join right in
Only I could pray
I know what I would say
To whom it may concern

Just in case I don't make it to heaven
I'd like to personally thank you for giving
Something so beautiful makes life worth living yeah
Thank you just in case i

I'm trying once again
Everytime I try to talk to
It's like I never seem to get through
I never have the strength, never put my faith in you
Maybe I should just realize
I don't deserve you in my life
They say it's in your hands
Everything's just like you planned
It's good enough for them, so why not me
Only I could pray
I know what I would say
Dear god I'm talking to ya

Just in case I don't make it to heaven
I'd like to personally thank you for giving
Something so beautiful makes life worth living yeah
Thank you just in case i

Soon enough my time will come the hours getting late
The sun is setting fast and you'll be standing by the gate
I'm sure you're going to say to me son why couldn't you just relate
I said to tell you the truth I already do in so many other ways

Just in case I don't make it to heaven
I'd like to personally thank you for giving
Something so beautiful makes life worth living yeah
Thank you just in case i

Just in case I don't make it to heaven
I'd like to personally thank you for giving
Something so beautiful makes life worth living yeah
Thank you just in case i
I don't make it
