

# Toke About It

Tesla

Got me a woman, won't toke about it  
Says she doesn't need it, she can do without it  
If I try to push it, she'll say shove it!  
Baby if ya tried it maybe you might like it!  
Even love it!

Loosen up!  
Let's toke it over!  
Loosen up!  
Let's toke it over!

Always got a problem, she can't lose it  
She likes to drive me crazy when she chooses  
Baby, if you got it you should use it  
Oh, you can play with fire, but just don't abuse it  
Just use it

Loosen up!  
Let's toke it over!  
Loosen up!  
Let's toke it over!  
Loosen up!  
Loosen up!

Let's toke, toke, toke about it  
Let's toke, toke, toke about it  
Now sticks 'n' stones'll break your bones  
A little tokin' never hurt no one!  
Let's toke, toke, toke about it!  
Have a toke!

I'm a-tokin' witchoo  
Ah, that feels better now  
Let's ya feel the groove  
Ah, don't stop now

Oh, keep on a-ziggin' and a-zaggin' all over the place  
On the bed, on the floor  
But then, who knows baby, maybe if we really like it that much  
Maybe baby, we can do it some more!

Since we had a toke, no doubt about it, ha ha  
Baby's feelin' better, can't live without it  
Both our hearts on fire, now we're really smokin'  
Mm, all we ever needed was a little tokin'!

Let's toke, toke, toke about it  
C'mon! Let's toke, toke, toke about it  
Now sticks 'n' stones'll break your bones  
A little tokin' never hurt no one!  
Let's toke, toke, toke about it! Ow!  
Have a toke!

Let's toke, toke, toke about it  
C'mon! Let's toke, toke, toke about it  
Let's toke, toke, toke about it  
Let's toke, toke, toke, toke, toke, toke, wooh!

Toke, toke, toke, toke, toke, toke, toke, toke  
Toke it, toke it, toke it, toke it, toke it, toke it, wooh!  
Toke about it for a little bit!  
Ow
