

# We're Not 17

TESLENKO

I could fall when a little baby say hello  
There's no fall when you're falling's already gone  
Turning off, and I know you got love, you got fire  
And I know, when I'm sad you will bring me to life

We're not 17, we're not 17, baby I'm still alone  
We never regret, we never regret, but baby, I've found my home  
We gotta love, but I know bloody heart beating  
I'm not afraid, but I'm still not ready to fall

Only Tuesday, only Friday  
I wanna know  
I am brave  
But I'm still not ready to go

I could fall, something grows me with the greatest love  
Not alone, all the time I'm feeling this war  
Every night, every day of my life is the same  
And I know, when you leave I don't get on my way

We're not 17, we're not 17, baby I'm still alone  
We never regret, we never regret, but baby, I've found my home  
We gotta love, but I know bloody heart beating  
I'm not afraid, but I'm still not ready to fall

Only Tuesday, only Friday  
I wanna know  
I am brave  
But I'm still not ready to fall

Nobody knows me, nobody knows me, nobody knows  
I am brave  
But I'm still not ready to go  
I could fall when a little baby say hello
