

I Like (The idea of) You

Tessa Violet

I've got a radar for trouble and you're a renegade
I take a leap and I stumble while you are unafraid
I keep repeating, repeating the way you say my name
Oh, oh
(Mm)

I try convincing my friends that you're not right for me
We just don't make any sense, but still you fight for me
I keep repeating, repeating the way we shouldn't be
Oh, oh

Well I like the idea-dea of you
I like the idea-dea of you
Wonder how it'd be, be to love you
I like the idea-dea of you
Ooh

I know I shouldn't be guessing but you're impressing me
And I can't help reading into what you've been texting me
I keep repeating, repeating the way we shouldn't be
Oh, oh
(Mm)

And yeah I know I don't need it but wouldn't it be neat
We fall in love with a feeling just feeling you and me
I keep repeating repeating the way we shouldn't be
Oh, oh!

Well I like the idea-dea of you
I like the idea-dea of you
Wonder how it'd be, be to love you
I like the idea-dea of you
I like the idea-dea of you
I like the idea-dea of you
Wonder how it'd be, be to love you
I like the idea-dea of you
Ooh

Get everything that you want, my love, my time, my money
You think I'd learn but I love your touch it is sweet like honey
There's nothing I wouldn't do to hear you call me funny
Guess I'm a sucker for you
Ooh, ooh, ooh!

I like the idea-dea of you
I like the idea-dea of you
Wonder how it'd be, be to love you
I like the idea-dea of you
I like the idea-dea of you
I like the idea-dea of you
Wonder how it'd be, be to love you
I like the idea-dea of you
Ooh
