

# Wishful Drinking

Tessa Violet

Separate me from the rest of the herd so  
I can run away from all of my hurt, oh  
Drink what I want  
Be what I want  
Say what you want me to say like  
I can pretend that I don't wanna end, I'm afraid  
(And dangerous)  
Weave a story so I don't have to talk, no  
It's not a problem if I never get caught, oh  
Drink what I want  
Be what I want  
Say what you want me to say like  
I can pretend that I don't wanna end, I'm afraid  
(And dangerous)

Oh, wishful drinkin'  
Tell myself that I'm not thinkin' 'bout  
How I could drown, drown, drown, drown  
Wishful drinkin', oh  
(Hey)  
Wishful drinkin'  
Go ahead and stop your thinkin' now  
And throw it down, down, down, down  
Wishful drinkin', oh

Hatch demons where no one can see oh  
Out of sight but in your mind you believe 'em  
Drink what you want  
Be what you want  
Say what they want you to say like  
I can pretend that I don't wanna end, I'm afraid  
Do you think, do you think that they notice?  
I keep a bottle by my bed it's a focus  
Drink what I want  
Be what I want  
Say what you want me to say like  
I can pretend that I don't wanna end, I'm afraid  
(And dangerous)

Oh, wishful drinkin'  
Tell myself that I'm not thinkin' 'bout  
How I could drown, drown, drown, drown  
Wishful drinkin', oh  
Wishful drinkin'  
Go ahead and stop your thinkin' now  
And throw it down, down, down, down  
Wishful drinkin', oh

This is not a problem if I don't want it to stop  
Can't call it a problem if I never let a play drop  
This is not a problem if convincin' that it's not  
Don't call it a problem, it's the only thing that I still got

Hey, oh  
Hey, I know  
Down, down, down  
Wishful drinkin', oh

Oh, wishful drinkin'  
Tell myself that I'm not thinkin' 'bout  
How I could drown, drown, drown, drown  
Wishful drinkin', oh  
Wishful drinkin'  
Go ahead and stop your thinkin' now  
And throw it down, down, down, down  
Wishful drinkin', oh
