

# Burden

Tesseract

I throw it away  
Walking the silent road  
It comes to me so vividly  
With the brush strokes  
Mechanical man  
Dangerous and without a plan  
So silently come to me  
I'll wash it all away

So I'm left to be a castaway  
And bury all this weight  
I covered it inside  
And watched it all decay

Take it all  
Until I can't breathe at all  
And the trembling is all I can rely on  
Mechanical man  
Desperate and without a plan  
So silently come to me  
I'll wash it all away

So I'm left to be a castaway  
And bury all this weight  
I covered it inside  
And watched it all decay

My mind is hidden from itself  
I can't remember anything  
My past in pieces  
I'm afraid and I don't know what I am  
And I don't know where to turn  
But I'll learn  
I'll learn

Take aim at the heart of the sun  
This life has just begun

I hear it call to me again  
To greet my hubris with a grin  
A spread of jokers in my hand  
To take me down and down again  
I feel my bones are weakening  
This weight I cannot take it  
The gateway is gone  
Abandon the sun

I feel the dawn of reckoning  
When the veiled meets the world  
I feel your hold is weakening  
When I sing I will be heard  
I will be heard  
I will be heard  
I wish I could be heard  
I will be heard  
I wish I could be heard
