

## Concealing Fate Part Three - The Impossible

Tesseract

Don't you know how you're feeling?  
Breathe in (breathe in) reach out  
The ocean swells, the ocean keeps me safe  
Don't you know how to keep, keep me safe?  
Disgrace! is this how you plan on treating yourself?  
Breathe in (breathe in) reach out  
The ocean swells, the ocean keeps me safe.  
You're in denial.  
Don't you know how you're feeling?  
Don't you know how you're feeling?  
Don't you think it's been long enough?  
Don't you know how you're feeling?  
You're in denial.  
Don't you think it's been long enough?  
Open your mind before the impossible (oh) consumes us all  
(So) so many people. Don't close your eyes.
