

Unstable

Tetrarch

If I get up I'm gonna hurt somebody
If I get up I'm gonna hurt somebody

How many times can someone take a beating
Before it's okay to snap and leave you fuckers all bleeding
And I need someone to hold me down
Because I am freaking out
And I can't control myself
If I get up I'm gonna hurt somebody

You won't get in my head
You won't get me
You won't get in my head
You won't get me

Sometimes I feel like letting go
And tearing you open
Make a place inside your skin
If you come at me just remember
I am unstable
I'm unstable

You don't know what it's like to be pushed to the limit
To pretend everything is fine but on the inside I'm seething
Take a look at me and what your hatred's created
Hold me back I'm about to lose it
Imma put my fist on your body

You want me to hide
Keep it all inside
You want me to hide
Let's step outside

Sometimes I feel like letting go
And tearing you open
Make a place inside your skin
If you come at me just remember
I am unstable
I'm unstable

You won't get in my head
You won't get me
You won't get in my head
You won't get me
You won't get in my head
You can't crawl inside
You won't get in my head

I don't give a fuck
I don't give a fuck

You won't get in my head
You won't get in my head
You won't get in my head
If I get up I'm gonna hurt somebody

You want me to hide

Keep it all inside
You want me to hide
Let's step outside

Sometimes I feel like letting go
And tearing you open
Make a place inside your skin
If you come at me just remember
I am unstable
I'm unstable

Sometimes I feel like letting go
And tearing you open
Make a place inside your skin
If you come at me just remember
I am unstable
I'm unstable
If I get up I'm gonna hurt somebody
