

# **Splinter**

**Texas Hippie Coalition**

In the north they call me lion winter  
In the south I am a texas twister  
My cold heat it leaves a blister  
And Mother Nature, well you know I kissed her

I crush, I rip, I break  
I smash, I tear, I take

I I splinter  
I I splinter  
I'll make you bend and break  
(I crush I rip I break)  
Too much for you to take  
(I smash I tear I take)  
I I splinter

In the east they know I make em quiver  
In west its known I cause the shiver  
In the songs they write I'm whiskey river  
In the fight they fight I'm a heavy hitter

I crush, I rip, I break  
I smash, I tear, I take

I I splinter  
I I splinter  
I'll make you bend and break  
(I crush I rip I break)  
Too much for you to take  
(I smash I tear I take)  
I I splinter  
I splinter, I splinter
