

Cry Wolf

Texas in July

Where do you go
When your home is not a home?
Where do you go
When your home is not a home?

Going through these motions
Proving something for nothing
(Something for nothing)
I can't ignore your gimmicks
You will never be
You will never be a part of me

Feet still planted if you can't sustain the damage
I'll be the last man standing
Give it up if you can't find your way back to me
I'll be the problem on your pathway home
And I told you once
This mind is nothing more than what it's worth

This is not what you came for
This is not what you thought it would be
This is not what you came for
This is not what you thought it would be
Back track to the birth of the pain where it came from
You'll see that it wasn't me
Back track to the pain
It wasn't me

In alarm to the message addressed to the public
I never saw this one coming
As this winter gets colder
It will all blow over on this perfect day
You can cry wolf but stop running
Money hungry bandits with their pockets full of loose
change
You're not the only one pushing till you lose control
But it's not so perfect when you learned that you
deserved it
Grim feelings eat your rotten heart away

Because time waits for no man
Look deep into your mind and see everything that you
didn't want to be
Because time waits for no man

Where do you go
When your home is not a home?
Where do you go
When your home is not a home?
Where do you go?
