

Adios mi corazon

Texas Tornados

The sun slips into the sea
My whispers come back to me
From the garden mockingbird calls
In the shadow my lover stands
Reaches to take my hand
I feel myself beginnin' to fall

Amor
Benvenuto, amor
Adiós, my corazón
Amor
Amor es mi vida
Amor es mi canción

The breeze is so soft tonight
As soft as my lover's eyes
As soft as the sky caresses the stars
And as it blows away
The heat of a summer's day
Her love cools the fever here in my heart

Amor
Benvenuto, amor
Adiós, mi corazón
Amor
Amor es mi vida
Amor es mi canción

Adiós, mi corazón
