

Falling

Texas

I hope you see
It's never meant to be
What you say
Isn't always what you mean
Oh, it's true
The writing's on the wall

The writing's on the wall
I'm falling in love with you
The writing's on the wall
I'm falling in love with you

I hate to see
It's terrifying me
When strange days
Get the best of me
I knew what to do
The writing's on the wall

The writing's on the wall
I'm falling in love with you
The writing's on the wall
I'm falling in love with you

Falling in love with you
The writing's on the wall
I'm falling in love with you
The writing's on the wall
I'm falling in love with you
