

Just Want to Be Liked

Texas

You know she will hold you back
You know she don't give a damn
You're hiding from the truth
Of your misspent youth

Remember what we had
I'll remind you again of that
You lie to your friends
But you tell the truth to strangers

I just wanna be liked
Just wanna be liked
Just wanna be liked
An instant reality check

You know that I've got your back
You know I can make you laugh
So why do you pursue?
Always trying to be so cruel

We had so much fun in the past
Shame we never made it last
You lie to yourself
But you tell the truth to strangers

I just wanna be liked
Just wanna be liked
Just wanna be liked
An instant reality check

I just wanna be liked
Just wanna be liked
I just wanna be liked
An instant reality check

Just wanna be liked
I just wanna be liked
Just wanna be liked
An instant reality check

I just wanna be liked
I just wanna be liked
I just wanna be liked
An instant reality check
