

# Saint

Texas

**E G D/E**

**E G**

I'm taking my time

**D/E**

I'll fix it, don't worry now

**E G**

I'm needing you there

**D/E**

Make sure that you're coming too

**G D**

All of my life

**Em D/E**

Is all I'll give you here

**G D**

The meaning of me

**Em D/E**

Is something to pursue

**C**

You think I'm a saint

**G**

It's in your pretty head

**C**

Stretched out like a saint now

**D/E**

I love you to death

**Em**

Catch another dream now

**G**

We can find them somehow

**C G**

I know that there's a boy inside the man

**Em**

Catch another dream now

**G**

Take all we are allowed

**C G**

For I know that there's a man inside the boy

**E G**

Grown ups don't know

**D/E**

How to dream anymore

**E G**

Their heads in the sand

**D/E**

And they choose to ignore it all

**G D**

All of my life

**Em D/E**

Is all I'll give you here
