

# Drippin

Teyana Taylor

Baby, I'm bored, I'm bored, I'm bored inside  
I want you now, come on, come on inside  
It's like a timer, yeah, oh  
Wake up, I'm horny, ay  
Right up, come on it  
Beat it up 'cause I want it, ay  
Stop playing, boy, I'm golden, oh

When the last time we fucked to a record?  
When the last time we fucked to a record?  
Baby, relax, would you, rushing this record  
You know, baby

Drip, drip, you know I'm drippin'  
Drip, drip, slow now, seven  
Drip, drip, you know I'm drippin'  
Drip, drip, slow now, seven

Quavo  
When the last time that you fucked in my backseat?  
When the last time that you threw the pussy at me?  
She said "This the last time," well, don't waste time  
She lickin' and drippin' and droppin' like the first time  
Mattress, we gon' need a new mattress  
She like when I choke her  
She like when I go super masculine  
Ride me like a cowgirl, rodeo, top floor, no condom  
Mansion, Dirty Diana, diamonds dancing  
And she got no panties  
Bougie, no nightlife, no fashion  
Just me, yourself, and the music

When the last time we fucked to a record?  
When the last time we fucked to a record?  
Baby, relax, would you, rushing this record  
You know, baby

Drip, drip, you know I'm drippin'  
Drip, drip, slow now, seven  
Drip, drip, you know I'm drippin'  
Drip, drip, slow now, seven

Your place, my place, [?]  
Like yeah yeah yeah  
It's been a long day like always, on my way, no foreplay  
Like yeah yeah yeah, won't you stop playing around?  
Oh, I'mma put it down, you gon' have to run it right back  
When we makin' freaky sounds, when I feel the way you go down  
We gon' have to go rounds  
Tell me that you want that, I'll throw the pussy right now  
'Cause you know I be drippin', drippin'  
Baby, told you it's just different, different  
[?] into heavy lifting, lifting  
Request it and I'll put it down  
Come put your love on it now  
When the last time we fucked to a record?

Dripping, dripping, dripping, dripping, baby  
We different, different, different, different, baby  
Driving fast in my drop Mercedes  
Just to make it home just to see my lady  
Oh, seven have me slipping lately  
'Cause you drown me with your liquid, baby  
Slipping, baby, slipping, slipping, baby  
Tryna grip it, baby, take a picture, baby  
The highness and we on a deed, [?]  
Found out that we gonna go viral  
Trying to dive in it, I can't dive in it  
She was no hoe, it's a tight hole  
Got the body of a goddess, still talking 'bout some lie, though  
I think about you every day, it's worse than the night, though  
12 o'clock, it's 12 o'clock, it's time to drip drop  
[?], I'm making my hip lock  
I bought my girl a yacht, then after, we fuck on the dock  
She always gon' come back for me, she a maniac

Drip, drip, you know I'm drippin'  
Drip, drip, slow now, seven  
Drip, drip, you know I'm drippin'  
Drip, drip, slow now, seven
