Teyana Taylor

Do you know why I stopped you?  
With your fine ass, I was in the cut, you came flying past  
Wish the way we met would have been different yo  
But you was doing 55 in a '54  
So pull over, that ass is too fat  
Ironie... you... and I, I  
We a team, high 5  
Long time no me, who you been doing  
I get over excited under your influence  
Head in the whip won't blink the eye  
Let you swallow but you really shouldn't drink and drive  
Got your body swerving, I'm trying to slow down cause the body...  
Making me wanna bring it like bottle service  
That who, who, got you nervous

You might think I'm crazy but I'm serious  
I think it's best that you know now  
That when I'm with you boy I get this feeling  
And I don't wanna slow down  
It's so unusual, the doctor can't prescribe this kind of stuff I'm on  
Is you, oh so damn beautiful, Distracted behind the wheel, the way I loose control, for you  
You make me wanna ride and crash into your love you got me high, oh baby  
Another DUI, your touch is like a drug you got me high  
Intoxicated, I got another DUI, a DUI, a DUI, whoa,  
Another DUI, a DUI, a DUI, I, I, I, I,

Every time you pick me up to ride around  
My mind goes into danger zone  
Only meant to kiss my lips and I don't wanna stop  
My body says go, go  
What's gotten into me, it's like I grabbed the whole bottle of Hennessy,  
And took it to the head, you got me dizzy  
Tell my ex boyfriend I be I DO tonight I wanna (?)  
Won't let me go, oh no

You make me ride and crash into ya love, you got me high, oh baby  
Another dui, your touch is like a drug you got me high  
Intoxicated, I got another DUI, DD UU I, a DD UU I, whoa,  
Another DUI, a DU I, a DUI, I, I, I, I,

Yeah, Strap up, put your belts on  
Strap up, and you know it's alright, but it felt wrong  
Matter of fact, it felt good and it felt warm  
Like hot wax on your body when it melts on  
I see you into him, what you been doing, huh  
Driving under the influence, like a special vibe that you trying to send to him  
but you purposely tryna crash into him that's what the love is, that's what the bug is  
That's what the benefits of messing with a thug is  
Yeah, even know we above this, I just wanna know you got full coverage

You make me wanna ride and crash into ya love, you got me high, oh baby  
Another DUI, your touch is like a drug you got me high  
Intoxicated, I got another DUI, a DUI, a DUI, whoa,  
Another DUI, a DUI, a DUI, I, I, I, I, i
