

# Gatekeeper

Teyana Taylor

Give me your hand  
And I'll take away your pain  
This to shall pass  
It's such a shame  
I'll be your army  
Your army of one  
And you'll feel better when we're done

Wrap yourself in my arms  
I'll keep you safe from harm  
Fall into me, love is all you need  
Walk back from the end  
We can only do our best  
Gotta keep on doing... you'll forgive me [repeat]

I'll be gatekeeper  
I'll be your gatekeeper  
all your secrets drop your defense  
I'll be gatekeeper  
I'll be your gatekeeper  
all your secrets drop your defense

Tell all your secrets, share all your shame  
I'll hold you closely  
You'll be ok  
We're only human  
We're sometimes wrong  
Don't be your motto, tell someone

Wrap yourself in my arms  
I'll keep you safe from harm  
Fall into me, love is all you need  
Walk back from the end  
We can only do our best  
Gotta keep on doing... you'll forgive me [repeat]

I'll be gatekeeper  
I'll be your gatekeeper  
All your secrets drop your defense  
I'll be gatekeeper  
I'll be your gatekeeper  
All your secrets drop your defense

Said I'll be your gatekeeper...
