

Made It

Teyana Taylor

Girl you working with some ass yea, you bad yea
Make a nigga spend the cash yea, his bag yea
Girl you working with some ass yea, you bad yea
Make a nigga spend the bag yea, his cash yea
Girl you made it, you made it
Aw yea you made it, you made it
Baby girl you made it, you made it
Aw yea you made it, you made it

It's been a long time comin'
All these blessings rolling in I ain't even see 'em comin'
Too hard, too hard, I been going too hard now
They say I need a vacation, say I need to slow down
And I ain't tryna slow down
Pretty face with a bad attitude
Working like I got too much to lose
Built this shit up on two by twos
I want it now ,I paid to many dues

Head up and my heels high
This what life suppose to feel like
Looking like I'm in the gym right
Taking side pics looking thick like

Girl you working with some ass yea, you bad yea
Make a nigga spend the cash yea, his bag yea
Girl you working with some ass yea, you bad yea
Make a nigga spend the bag yea, his cash yea
Girl you made it, you made it
Aw yea you made it, you made it
Baby girl you made it, you made it
Aw yea you made it, you made it

No more stressin'
I can't control God's timing, learned my lesson
Can't trust too many people, shit gets reckless
Mo' rings, I've changed, I've changed
More really I'm inside now
Who's really getting out now
My baby told me true love, true love
Everything is new love
Wake to my daughter and my hubby now that's grew in love
Guess I never knew love

Head up and my heels high
That's what life suppose to feel like
Throw it back, throw it back now
For the '99 and the two thou
Yea yea yea yea

Girl you working with some ass yea, you bad yea
Make a nigga spend the cash yea, his bag yea
Girl you working with some ass yea, you bad yea
Make a nigga spend the bag yea, his cash yea
Girl you made it, you made it
Aw yea you made it, you made it
Baby girl you made it, you made it

Aw yea you made it, you made it

Self love is the best love, yea yea
Self love is the best love, yea yea
Self love is the best love, yea yea
Self love is the best love, yea yea

Ya made it, yea yea

Head up and ya heels high
