Tha Dogg Pound

Yeah, we can set it straight  
Dogg Pound Gangstas nigga, yeah we heavyweights  
You got beef, we could set a date  
Nigga don't hesitate  
Fuckin' with you featherweights

Let's get ready to rumble  
I'm Spud Webb of the game and I'm smackin' down Mutombo  
Homie you don't want no - problems with this heavyweight  
Shut it down homeboy, yeah like every state  
Act bold, talk shit, nigga get K'd away

We so slick with this criminal shit  
Winner with this, hard on a bitch  
My fundamentals is swift  
It's confidential, our momentum make us ball like a fifth  
Little hoe got stopped at the door with the fifth  
But we ain't trip, we still slip and slide and ride by high

No regard to a busta like you  
On the streets, on the yard, smash a busta like you  
I'm a - peel your paint and slap your bitch  
I'm a - push the line and ride and chip  
Osama... I'm fiction and fact  
And I'll beat the shit outta you and your batch

Nigga... you know Tha Pound pull triggers  
Bitch wanted king size, I give her this nigga  
Let her hit the weed then down that liquor  
Roll 'em like bats when I smoke that Swisher

Yeah, we can set it straight  
Dogg Pound Gangstas nigga, yeah we heavyweights  
You got beef, we could set a date  
Nigga don't hesitate  
Fuckin' with you featherweights

Yeah... if you ain't pushin'  
Get the fuck out the motherfuckin' circle, pussy  
Pussy whipped, done lost your grip  
Fuckin' round with the bitch that used to fuck with Lil' Chris  
I'll make bitches twist like licorice  
Gobble on a dick and watch the G's dip down the strip

Gotta expect to catch a hot one in a second  
G'd up because I'm feddish, G'd up because I'm breadish  
Cause bullshit niggaz is bad for your health  
And ask them niggaz, yeah how did it felt  
When we had to take the AK right off the shelf

I'll put a hole in these bitch boys, real shit boys  
Cause we - deep-deep, deep  
Motherfuckers know the recipe  
Nigga quit stressin' me  
Before you be restin' in peace  
On the West we OK Corral  
Real talk nigga that's how it go down

Yeah, we can set it straight  
Dogg Pound Gangstas nigga, yeah we heavyweights  
You got beef, we could set a date  
Nigga don't hesitate  
Fuckin' with you featherweights
