

It is what it really is man  
In this life, you can go through a whole lotta shit man  
You gotta keep on going  
Loesoe goin' crazy  
Thaiboy, Thaiboy

I done seen a lot  
Shit that could bend me (Seen a lot)  
Tears flowing downstream  
Face all my fears (Face all my fears)  
So baby girl, save your tears (Oh baby girl, save your tears)  
We've got it all  
We've been through this before (Ooh)  
This ain't gonna be for too long (Be for too long)  
Like the last time before (Like the last time before)  
Only your lips I want to kiss (Mmm)  
I never miss, only one kiss, I enter the bliss (Yeah, Thaiboy)  
You're my reason, I want to live (Want to live)  
Reason to live, reason to love  
Reason to give all of my love in the world (Aah)  
Only one kiss, I enter the bliss  
Only your lips I want to kiss (Want to kiss)

Everything changed  
Since the angel number 80 came down  
Like a blessing, show grace  
Big love, have faith  
Be brave, hard work will pay  
One day, this way, right way  
Go on, be strong, listen  
Your heart, give more, take less  
Your dream, take it and make it  
Your way  
I go beyond and beyond  
I feel like the alien from Mars (Yeah)  
The fire inside of my thoughts (Yeah)  
I'm burning, I'm getting real hot (Yeah)  
For better or worse  
I feel like we changing tomorrow  
For better or worse (Thaiboy)  
I feel like we've been through it all

I done seen a lot (Thaiboy)  
Shit that could bend me (Seen a lot)  
Tears flowing downstream  
Face all my fears (Face all my fears)
