

Thaiboy
(Loesoe goin' crazy)
And I had to go all the way
Just to come back and understand it was all here from the beginning

They know why I'm special
Heavy like the metal
Thaiboy Goon next level
I know why I'm special
My body a vessel
You and I are special
Body might connect, might connect
And she's my protection

I went outside my world
Just to know it's real (Thaiboy)
Enter the night, dreamworld
Taught me how to heal
Thaiboy heart of steel
In this world for real
Tell me how you feel
Tell me how you feel
I had my heart turn cold for like seven years
Thaiboy Goon how I let it went on like this?

I'm re-designing my dreams
I'm re-designing my dreams
It's back to life now
Back to life now
Back to life now
Back to life now
(And she's my protection)

I went outside my world
Just to know it's real (Thaiboy)
Enter the night, dreamworld
Taught me how to heal
Thaiboy heart of steel
In this world for real
Tell me how you feel
Tell me how you feel
I had my heart turn cold for like seven years
Thaiboy Goon how I let it went on like this?

Thaiboy, Thaiboy, Thaiboy
Thaiboy, Thaiboy, Thaiboy
Thaiboy, Thaiboy, Thaiboy
Thaiboy, Thaiboy
Thaiboy
