

Fate

Thaiboy Digital

(Loesoe goin' crazy)

Either way, I'm riding with you
Ain't no way in hell I'ma let you down on this road alone
Anything you wanna, I'm gon' put you on, like you put me on
I can see the stars in your eyes, you got something on your mind
And you know I would do anything for you, to make you smile

Baby girl, the first time I saw your face
You stopped the time and flicked my world all over the place (All over the place)
It's always been you, fate already decided
Stars align like destiny
You and me, you and me, forever
And ever, and ever

Either way, I'm riding with you
Ain't no way in hell I'ma let you down on this road alone
Anything you wanna, I'm gon' put you on, like you put me on
I can see the stars in your eyes, you got something on your mind
And you know I would do anything for you, to make you smile

To make you smile, I will
'Til the end of time, I will
You take no surprise, every time I'm with you, baby, feel so alive (Feel so alive)
You ride with me, I love to show the place I've been throughout the time (The time)
Y-Y-you and me, y-y-you and me, you and me, you and me

Either way, I'm riding with you
Ain't no way in hell I'ma let you down on this road alone
Anything you wanna, I'm gon' put you on, like you put me on
I can see the stars in your eyes, you got something on your mind
And you know I would do anything for you, to make you smile
