

Magic, yeah magic  
Everything started to turn out like I wanted  
Can you imagine, just magic  
All these drugs they get me strong, make it happen  
I do my magic, just like I want  
Just like I want  
I do my magic  
Turn out like I wanted  
Magic, Just like I want (just like I want)  
Just like I want

Like I predicted  
Believe in Thaiboy, I'mma grant you all your wishes  
If you're doing right right now, girl, you're gifted  
Please don't get lost up in this cash, you gon' get twisted  
What you playing for, baby, everything ok?  
If you stay true you can have like anything  
I just want you, I don't really need this  
Got a hundred women, you're the one that I need

Magic, yeah magic  
Everything started to turn out like I wanted  
Can you imagine, just magic  
All these drugs they get me strong, make it happen  
I do my magic, just like I want  
Just like I want  
I do my magic  
Turn out like I wanted  
Magic just like I want (just like I want)  
Just like I want

Thaiboy, I'm a Tiger, not a turtle or a rabbit  
Whole team on top, it just so happened  
I don't even finesse man, Thaiboy Goon, I do my magic  
I don't even finesse man, Thaiboy Goon, I do magic  
I don't really need no magic, know you dance with me  
Baby let me show you what you really want to see  
Thaiboy Goon, baby, wish you knew the real me  
Wish you was in SG  
Get you ass home, damn, too sexy  
I want to try everything with you only  
In the castle, but sometimes it get's lonely  
Down in the dungeon, where you find me with my homies

Magic, yeah magic  
Everything started to turn out like I wanted  
Can you imagine, just magic  
All these drugs they get me strong, make it happen  
I do my magic, just like I want  
Just like I want  
I do my magic  
Turn out like I wanted  
Magic just like I want  
Just like I want
