

Never Change

Thaiboy Digital

Let it flow, let it flow
Like a river, let it go
Let it flow, let it flow

Different moment, like a city in the moon
Thaiboy goon, when I pull up at the scene
I was in the room, now I'm riding with them seals
See the sunset, hit the water, catch a breeze
I remember in the winter, didn't freeze
4 AM, I was in the studio, man, making heat
It's forever, it's forever, don't have to speak
Let it flow like a river, all the moments, memories

In the skies, the clouds play (The clouds play)
I wish that some things never change (Yeah)
In your eyes, I can finally see
The meanings of my life, your energy

(In the skies)
Oh, ah, oh
Blessed by the moon
Everything had led me to you and her
Oh
